WITH DR. DAIN HEER

Everything you thought was you is not enough. You are far greater than anything you could think. You're an energy of being that has never been seen before. Now's the time to be it, to embody it, to receive the possibilities that go beyond this reality. To step into such allowance of you and everything, such potency that you become the difference the world has been asking for."

- Dr. Dain Heer, *Being You, Changing the World*

As part of Access Consciousness®, Dr. Dain Heer has created a unique series of classes on the *elements of being* that are designed to empower you to know that you are the creator of your life and living. In these classes, he gives you access to real, pragmatic and dynamic tools, and the energetic awareness to create the life you'd truly like to have and the world you would truly like to live in.

An energy transformation virtuoso, international speaker and author of *Being You, Changing the World*, Dain is best known for his unique energetic transformation process, called The Energetic Synthesis of Being (ESB). Each of these classes in 'being' uses elements of the ESB to invite you to step into the greatness of you - and with each class you expand into more and more of what's truly possible.

What if YOU are far greater than you've ever given yourself credit for? Are you aware that your capacities with energies are *unique*? Do you know that the way you resonate with the world is a fantastic, phenomenal and an absolute *gift*? What if we, together, have the capacity to BE what creates the future we know is possible?

THE BEING YOU, CHANGING THE WORLD EVENT

What would it be like if you created a bigger life and a reality worth playing in? Are you always asking for more, and looking for that 'something' we all know is possible? What if that 'something' is YOU? What if you, being you, is all it takes to change everything; your life, everyone around you, and the world?

This 3.5 day event is designed to take you from having a life run on autopilot – into becoming FULLY ALIVE and totally present as the infinite being you truly are. It will open you up to an expanded awareness of a life without judgment and empower you to know that you *know*.

With the Access Consciousness tools, perspectives and verbal processing that these days offer, you can start changing any area of your life that isn't working for you – like relationships, money and body – and start creating the future you truly desire.

You'll also experience Dr. Dain Heer's unique transformational process called The Energetic Synthesis of Being and receive an experience of *being you* that is impossible to describe, that you won't find anywhere else and that will stay with you for the rest of your life, if you allow it!

This class has no prerequisites and every event is uniquely created by the people who choose to come. Together, we'll go on a journey of creation...to a space that has never existed before.

What if you, truly being you, is the gift and the change this world requires?

ENERGETIC SYNTHESIS OF BEING INTENSIVE

This intensive takes you deeper into the wondrous adventure of Dr Dain Heer's *Energetic Synthesis of Being* (ESB). The ESB is a unique way of transforming limitations into possibilities and healing, for you, the world and the planet.

During this 3-day intensive, Dain works simultaneously with the beings and bodies in the class to create a space that allows the change everyone is asking for to show up. In working with one person, everyone is invited to that change. You and your body will be introduced to a level of being and energetic awareness that goes beyond everything you've experienced before.

The molecules in your body start to change — and you become aware of the catalyst you are for a different possibility in the world. The result is an acoustical wave of oneness that encompasses the present and the future. What if you didn't have to separate anymore from anyone or anything...including you?

What if you could have it all ... and all of you, starting now? What would you be able to create as your life and in the world?

The prerequisites for the ESB Intensive are the Access Consciousness core classes: Bars, Foundation and Level 1. This allows the group to build on the awareness from these classes and take the step into the unknown, allowing magic to be created, continuously.

This is your invitation to become the acoustic wave of change you've always perceived possible and now can...BE.

THE SYMPHONY OF POSSIBILITIES – ADVANCED TRAINING

What if you are the composer of your reality? Is it time to become what you were always meant to BE?

The prerequisites for the *Symphony of Possibilities* (SOP) advanced training are Access Consciousness core classes; Bars, Foundation, Level 1, 2 & 3 and the ESB intensive. This class is truly on the creative edge of Access Consciousness.

During this 4-day advanced training, you will become intimately aware of energies and learn how to **truly utilize** them to create your life, living and a totally different reality!

Are you aware that your capacities with energies are *unique*? Do you know that the way you resonate with the world is a fantastic, phenomenal and an absolute *gift*? Are you ready to start contributing your uniqueness to everyone around you? What if WE, acoustically vibrating as us, create an *energetic symphony of possibilities* that changes the planet?

For parts of this training, Dain uses the ESB process to show and invite you to an energetic space where miracles can occur – in total ease. For other parts, you will be exploring that energy yourself, while working energetically on people in class, or while being worked on. The simultaneity of gifting and receiving that opens up, expands into universes of possibilities and...oneness.

Is now the time to physically actualize a totally different reality?
Is now the time to step into the awareness of what is actually possible?
Is now the time to change the world by your very touch?

Yes? Then this class may be what you've been looking for, for a very long time.
